

SATOP

Substance Abuse Traffic Offenders Program
SATOP offers a wide range of components designed to fit the level of education or treatment; to the level of the need of the DWI offender. SATOP begins with a screening process to determine what level of services the offender needs. Offenders are then referred to a 10-hour education program (OEP), a weekend intervention program (WIP), clinical intervention program (CIP), youth clinical intervention program (Y-CIP) or a 50 + hours of Outpatient. Completion of the SATOP is required in many cases for license reinstatement for drivers whose license has been revoked or suspended for DWI.

Urinalysis

We provide on-site urine and saliva testing. We also offer off site testing for urine and hair along with steroid testing.

Outpatient Treatment

We are certified by Missouri Department of Mental Health. This a treatment program for individuals who are experiencing problems with alcohol and or drugs. It is a minimum of 50 hours, entailing group education and counseling, and individual sessions.

Aftercare

This program is approved by the Department of Mental Health. This program is an extension for treatment programs whether inpatient or outpatient treatment programs. Classes are in group format and meet every other week for six months.

Pre-Sentence Investigations

We conduct and complete this background investigation for the courts.

Financial Management/ Shoplifting Class

This 4 hour class is designed for those charged with shoplifting, stealing, and passing bad checks. The class focuses on problem behaviors, which led to the offense including irrational and impulsive behaviors, and irresponsibility. Alternative behaviors and options are discussed.

Driver Improvement Program

This is an 8-hour program approved by the Department of Public Safety. Missouri law allows the individual to avoid up to 3 points for moving traffic offenses, by attending this class. The goal of this class is to improve driving abilities and awareness. If the student wishes to take the class, he or she should ask the court's permission to do so, at the time of their court appearance. One day classes are available.

A.D.E.P.

(Adolescent Diversion Education Program)
A.D.E.P. is approved by Missouri Department of Mental Health, Division of Alcohol and Drug Abuse, and meets for a minimum of 10 hours. Law requires this education program for individuals who are under age of 21 and who plead guilty to the offense of possession of alcohol by a minor. For reinstatement of driver's license, Missouri law stipulates and requires completion of this program.

R.E.A.C.T.

(Required Educational Assessment and Community Treatment Program)
REACT is approved by Missouri Department of Mental Health, Division of Alcohol and Drug Abuse, and meets for a minimum of 10 hours. Law requires this education program for individuals who are over the age of 21 and who plead guilty to the offense of possession of drugs.

Probation Supervision

Our probation supervision staff has over 100 years of prior experience in supervising probationers. Client's problem areas are assessed on an individual basis and given referrals to deal with these issues. All substance related cases receive an alcohol/drug evaluation and are referred to whatever services are deemed appropriate. We monitor restitution payments and community service hours if ordered.

D^{OT}

Department of Transportation Assessments

SOBERLINK

Hand held cellular breathalyzer.
Discreet enough to put in your pocket.

Community Service Program

Clients complete volunteer hours at local nonprofit agencies. This program may be utilized for those convicted of driving while license has been suspended or revoked by the Department of Revenue and can be utilized in lieu of serving 48 hours in jail.

Aggressive Offender Program

A 4-hour course encourages students to take responsibility for their behavior. Prevention and alternative behaviors are reviewed. Treatment agencies and self-help groups are discussed.

Aggressive Offender Program

A 10-Week intensive course encourages students to take responsibility for their behavior. Prevention and alternative behaviors are reviewed. Treatment agencies and self-help groups are discussed. A 12-week program is also available.

House Arrest / TAD We provide in house arrest electronic shackling services as well as Transdermal Alcohol Detector.

GPS Tracking

This program is an online management of clients who need more than electronic monitoring. The system will track the exact whereabouts of the client all day and night.

Batterers Intervention Program

This is a 6-month treatment program conducted by a licensed counselor. The program consists of an assessment that costs \$100.00. The program consists of 26 weeks of counseling, with weekly payments of \$25.00 for a total of \$650.00. Those with Domestic Violence charges in St. Charles County are required to complete this program.

Problem & Compulsive Gambling Program

The Problem & Compulsive Gambling program is conducted by state and national certified gambling counselors. The program consists of both group and individual counseling. The program is FREE to Missouri residents and their families.
